

Software Solutions for the Event Hire Industry

all Hire

Hire Management and Rental Software

all Hire is a windows based software package that has been specifically designed for the Event Hire Industry

all Hire

all Hire rental software has been supporting hire companies across a wide sector of the Event Hire Industry for over 23 years including:

- Marquees
- Catering Equipment
- Event Planning
- Fencing
- Furniture
- Linen
- Audio Visual Equipment
- Portable Toilets
- Mobile Communications
- Props & Theming
- Events and Exhibition
- PA, Lighting, Stage

all Hire

Summary Screen

- View all current jobs and any job/contact/enquiry reminders.
- Display by date selection.
- Internal user messaging available.

The screenshot shows the 'Summary' window of the TSS V8 software. The window title is 'TSS V8' and the user is 'MANAGER'. The main content area displays a summary of jobs and reminders for the date 17/06/2012. The data is organized into several sections:

Type	Date	Ref	Name	Information
Messages In 0				
Messages Sent 0				
Jobs Starting 0				
Jobs Ending 1				
17/06/2012	HJ001074	Hall		East of England Showground Peterborough
Jobs In-Use 4				
17/06/2012	HJ001074	Hall		East of England Showground Peterborough
18/06/2012	HJ001072	Prince		5 Bedford Street City Centre Exeter
18/06/2012	HJ001065	Thomas		East of England Showground Peterborough
18/06/2012	HJ001066	Oldman		East of England Showground Peterborough
Contact Reminders 0				
Expiry Hire Jobs 0				
Hire Jobs - Reminders 2				
13/06/2012	HJ001074	Hall		Check f-payment has cleared before going to site
14/06/2012	HJ001067	George		client to meet on site @7am ,check still available
Hire Jobs Loads Defined But Altered 0				

The bottom of the window shows a navigation bar with tabs for Summary, Purchase Orders, Job Values, Non Conformance, Damaged Stock List, and External Sales Ledger. The status bar at the very bottom displays the time 09:21:39, the date 14/06/2011, and links to the TSS Website, Support Connection, and ftp site.

all Hire

Instant Job Information

- View all hire jobs, enquiries, purchase orders in an easy to view chart.
- See any over-bookings instantly and where any conflict occurs.
- Completely user configurable screen – show the information that is relevant to you.

The screenshot shows the 'Hire Chart' interface with a search bar, filters, and a main grid. The grid has columns for dates from 14/06 to 28/06 and rows for various jobs. Each cell in the grid contains a colored bar representing a hire period. The interface includes buttons for 'End', 'Firm', 'Cross', 'O/S', 'Process', and 'Auto Refresh'. A navigation bar shows months from Jan to Dec for the year 2011.

Financial information at your fingertips

all Hire

- Can be linked to Final Account or to an external accounts system e.g. Sage (subject to charge).
- EDI link – allows a CSV file to be exported with all invoice details, if you are not running an alternative accounting system to Sage or cannot run the direct link (subject to a charge).
- PAT Testing Manually record or import appliance testing results.
Keep track of when the appliance needs to be re-tested.
- Keep track of all repairs/maintenance including parts and costs against stock items.
